

Liberal Sr High School (Liberal, KS)

Liberal Senior High School started a new second chance breakfast program in February 2014 with a new kiosk. In this short time, it has already been a huge hit already! We served 30 the first day, 60 the second day and 100 today!! In the second week, participation for second chance breakfast grew to nearly 200 students. And, this is in addition to the kids that are still eating school breakfast before school.

We are going to open a line in the cafeteria as well as the kiosk in the commons area to get all the kids to class in time because of the demand for second chance breakfast. A student journalism club helped the nutrition department by producing two videos to help market the breakfast program during video announcements. In the videos, the student reporters talk about the importance of school breakfast and academic success.
