JOHNNY CAKES

Makes 12

Ingredients

1 cup fine yellow stone ground cornmeal
1/2 cup all-purpose flour
2 1/4 teaspoons baking powder
1/2 teaspoon salt
1 cup buttermilk (substitute: half milk and half sour cream)
2 large eggs
1/4 cup vegetable oil, plus more for cooking

Directions

Heat a griddle or large cast-iron skillet over medium heat.

Whisk the cornmeal, flour, baking powder, and salt in a large bowl.

Whisk the buttermilk, eggs, and oil in medium bowl until smooth.

Pour the wet ingredients into the dry ingredients and gently fold until evenly moistened. You don’t want lumps, but you don’t want to overmix either.

Pour a thin sheen of oil onto the griddle or skillet. Drop a scant 3/4 cup batter onto the hot surface and spread into a 4-inch round.

Working in batches if necessary, repeat with the remaining batter, spacing the rounds an inch apart.

Cook until the undersides are golden brown and the tops lightly bubbling, about 2 minutes.

Flip carefully and cook until the other side is brown, about 1 minute longer. Transfer to a wire rack and keep warm until ready to serve.
